Production Release

Dear Valued Customer:

This notification is for the purpose of informing you of Mindspeed's release of the products listed above to production status. The product release status prior to this was prototype and identified with a "P" suffix on the applicable part number such as M02040-14P.

Purpose

Production status identifies the part as having a completed Mindspeed internal process qualifications, package qualifications, design qualifications including electrostatic discharge and latch-up, and product characterization analysis.

Production status also provides full warranty for the product per published Mindspeed Terms and Conditions.

Change Schedule

This change occurred on 28 September, 2005 for the aforementioned devices. Any/all product shipped on or after 28 September, 2005, which is marked as prototypes with the "P" suffix are considered full production qualified and will have full warranty per Mindspeed's Terms and Conditions document.

Method to identify parts

After the utilization of inventory marked as prototype, the product will no longer have the "P" suffix on the part number. Shipping dates and lot numbers will be used for traceability purposes for any/all product released after the dates shown above that contain the "P" suffix in the part marking.

Customer Impact

Full warranty of product is provided with this change.

We are confident this change will allow Mindspeed Technologies to maintain its high standards for quality and reliability. We will be managing this change very closely to ensure minimum disruption to our customers. If, at any time, you have a need for further information, please contact your local Sales Representative.
