May 11, 2009

Customer Notification
Second Backend Processing Site for Die Sales Products

Dear Valued Customer:

This notification is for the purpose of informing you of an additional facility for performing the backend services for Mindspeed’s die sales products.

Purpose
The purpose is to add a second backend location, Unisem Malaysia, for the die sales products shown below. Currently Mindspeed utilizes Eltek located in England for these services. Mindspeed is implementing this additional site to improve our assurance of the delivery of these products to our customers. The backend services include wafer backgrind, wafer saw, visual inspection, and shipping. There will be no changes to product dimensions, visual inspection criteria, or shipping containers.

Change Schedule
Customers may begin to receive product from the new backend service site, Unisem Malaysia, beginning on June 10, 2009. Product will also continue to ship from the current location, Eltek, in England.

Method to identify parts
Product shipped from the new site will be easily identified by the country of origin marked on the package and shipping labels.

Customer Impact
No customer impact is anticipated with this change; there is no change to form, fit, or function. Qualification data will be available upon request.

We are confident this change will allow Mindspeed Technologies to maintain its high standards for quality and reliability. We will be managing this change very closely to ensure minimum disruption to our customers. If, at any time, you have a need for further information, please contact your local Sales Representative.
