## Customer Notification

### Test Site Transfer

Dear Valued Customer:

This notification is for the purpose of informing you of a test site transfer and additional shipping locations for the products listed below.

#### Purpose

STATS ChipPAC has announced the closure of their facility in San Diego, California. Mindspeed will transfer the test of affected products to test locations that are already qualified by Mindspeed and in high volume operation. These test locations are ASE in Malaysia and Amkor in the Philippines. There are no changes to the test equipment, test hardware, and test programs used for these products. Where possible, Mindspeed will utilize both ASE in Malaysia and Amkor in the Philippines.

Products currently tested by STATS ChipPAC in San Diego, California, are packaged and shipped by Jazz Semiconductor in Newport Beach, California. Because ASE in Malaysia and Amkor in the Philippines are both qualified shipping locations, the products listed below will also have ASE Malaysia and Amkor Philippines as shipping locations. Jazz will remain as a second site for shipping these products. There will be no changes made to the shipping containers for these products.

The tables below identify the products transferring to ASE Malaysia or both ASE Malaysia and Amkor Philippines.

#### Change Schedule

Customers may begin to receive product from the new test and shipping sites beginning on August 7, 2009. Mindspeed will continue to ship product from the current location, Jazz Semiconductor, that has already been tested at STATS ChipPAC, and convert to the new test locations based on the demand by our customers' orders.

#### Method to identify parts

The labels attached to the vacuum bags, inner boxes, and outer boxes identify the location where the product is packaged and shipped.
