Customer Notification

Analog Product Final Test Location Change

Dear Valued Customer:

This notification is for the purpose of informing you of a change to the final test, pack, and ship location for Mindspeed's products listed below.

Purpose

Due to minor shipping problems for these products by the current location, Mindspeed is transferring the final test, pack, and ship location for the products listed below from Tower-Jazz in Newport Beach to our qualified test, pack, and ship location at ASE in Malaysia. The test equipment and programs will remain the same. The shipping trays will also remain the same. Mindspeed has been utilizing ASE in Malaysia as our major final test, pack, and ship location for the past two years for many other products. Mindspeed has experienced only a high level of quality from ASE in Malaysia.

Change Schedule

Customers can begin receiving product tested, packed, and shipped at ASE in Malaysia as soon as November 19, 2010.

Method to identify parts

The shipping location is identified on the package label.

Customer Impact

No customer impact is anticipated with this change.

We are confident this change will allow Mindspeed Technologies to maintain its high standards for quality and reliability. We will be managing this change very closely to ensure minimum disruption to our customers. If, at any time, you have a need for further information, please contact your local Sales Representative.
