Customer Notification

Cross Point Switch Final Test Location Change

Dear Valued Customer:

This notification is for the purpose of informing you of a change to the final test location for Mindspeed's large crosspoint switch products.

Purpose

To improve product quality, Mindspeed is transferring the final test location for the products listed below from Tower-Jazz in Newport Beach to our qualified test location at ASE in Malaysia. The test equipment and programs will remain the same. Mindspeed has been utilizing ASE in Malaysia as our major final test location for the past two years for many other products. Mindspeed has experienced only a high level of quality from ASE in Malaysia.

Change Schedule

Customers can begin receiving product tested, packed, and shipped at ASE in Malaysia as soon as November 19, 2010.

Method to identify parts

Mindspeed maintains lot number identification with full traceability to the test location.

Customer Impact

No customer impact is anticipated with this change.

We are confident this change will allow Mindspeed Technologies to maintain its high standards for quality and reliability. We will be managing this change very closely to ensure minimum disruption to our customers. If, at any time, you have a need for further information, please contact your local Sales Representative.
